The Weather According to Pro-
Forecast.

My last bulletin gave forecast of the
storm waves to cross the coast on from the
6th to 10th, and the next will reach the Pa-
cific coast about the 10th, cross the western
mountains about the 11th, the great central
valleys from 12th to 14th and the eastern
states about the 15th. Not much rainfall
from this disturbance except in limited localities.

The fourth disturbance of February will
reach the Pacific coast about the 16th, cross
the western mountains about the 17th, the
great central valleys from 18th to 20th
and the eastern states about the 21st. This
will be a dry storm except in a few localities.
It will have considerable force on the
Pacific coast about the 17th and on the At-
lantic about the 21st.

Warm waves will cross the western moun-
tains about 10th and 16th, the great central
valleys about 12th and 18th and the eastern
states about 14th and 20th. Cool waves will
cross the western mountains about 15th and
19th the great central valleys about 17th and
21st and the eastern states about 17th and
23d.

The cold at weather will be in the eastern
states about the 23d or 25 and the greatest
rains or snows in the same same section
about the 21st.

The month of March will be a drouth
breaker and will cause floods in some of the
southern states.

A hale old man, Mr. Jas. Wilson, of
Allens Spring, Ill., who is over 90 years of
age, says: "I have in my time tried a great
many medicines, some of excellent quality;
but never before did I find any that would
completely do all that is claimed for it as
Cambridge's Colic, Cholera, and Diarrhoea
Remedy. It is truly a wonderful Medicine."

A young father was hauled out of bed the
other night to prepare a bottle of milk for
the babe. He returned to bed but the babe
was far from being satisfied. The mother
started to make an investigation for hidden
pines and found none, but did find that the
y. f. had put a cork in the bottle and the nip-
ple over that. He now fears the babe ab-
sorbed enough "cork" to have changed its
nationality.

Quite a large number of the friends of
Hon. H. C. Groenher gathered at his ap-
pointed home on Monday evening, to assist
him in appropriately celebrating the 50th
anniversary of his birth. We understand a
gloriously good time followed, and that the
small hours of the morning are, cared for by
the guests could get away from the festi-
vities. Mr. C. was the recipient of a number
of useful tokens of friendship in remem-
brance of the occasion.

A newspaper has 5,000 readers for each
1,000 subscribers. A merchant who puts out
1,000 hand bills gets possibly 500 or 600 peo-
ple to read them—that is, if the boy who is
trusted to distribute them, does not chuck
them under the sidewalk. The head bill-
cost as much as a half-column advertise-
ment in the home newspaper. All the women
and girls and half the men and boys
read the advertisements. Result: The
merchant who uses the newspaper has 3,500
more readers to each 1,000 of his paper read-
ers. The newspaper is now circulating
2,400 papers every week, which is equal to
at least 12,000 readers. As an advertising
medium it is second to no other paper in
this section of country. There is no esti-
mating the amount of business that adver-
tising does bring to the merchant, but that
each dollar invested in advertising brings to
the investor from \$5 to \$20 worth of busi-
ness there can be no doubt.

NAPOLEON, O., Feb. 5th, 1894.
EDITOR NORTHWESTER:
Allow me to say a few words in reference
to the statements made by the committee
appointed to examine the commissioners' re-
port. This committee says they found it
necessary to examine the manner in which
the poor fund had been managed and that
they find a balance of \$2,328.70 in said fund,
but claim there should be \$3,118.50 in the
fund. Then where did this difference in
money go?

The committee knew at the time of their
examination, by the books of the infirmaries,
from a daybook to a ledger; from Mr. Mil-
ler, the superintendent, account against the
infirmaries, for current expenses; by an
itemized account of the supplies furnished
by him, and that Mr. Miller had received
this difference in money for the same.

Now then, if Mr. Miller's account for cur-
rent supplies against the infirmaries is
wrong, Mr. Miller gave as good a bond as
myself.

OCEANS OF GOLD.

Waiting For People to Dig It Out of
the County Where It Lies.

Gold, silver and lead. These valuable
metals have been discovered in paying
quantities in the hills of Ross county, says a
dispatch.

The spot is that historic mass of earth,
rock, tree and shrub known as Spruce
Hill, and derives its name from the many
spruce pine trees which dot its surface.

It is now commanding the attention of
capitalists from all over the country, whose
notice has been called to them by A. W.
Stretcher, of Xenia, Ohio. He is a capitalist
of wide note and a veteran in the world of
prospecting. He has followed the business
for years, and first came prominently before
the public during the gold fever of California.

At that time he found and located several
of the most important and best paying
mines in the West.

For six months past he has been giving
time and attention to Spruce Hill, and has
discovered that the place contains gold and
silver in large and paying quantities.

Samples taken from the hill, and analyzed
have been tested and proved to be pure
and unadulterated. The hill in question is
situated within a mile of Bonnevillie, Ill.
It runs along Paint Creek, and is noted for its
Indian forts and prehistoric rock carvings
which have been found there. It is almost level on
top, and at one time a large stone wall en-
circled about 40 acres of the surface. Rem-
nants of the wall are still standing. Mr.
Stretcher has associated with him a number
of Springfield capitalists and together they
will push the work of digging the valuable
ores. Active operation will begin in about
two weeks, and already much of the machin-
ery necessary for the purpose has been
shipped to the spot. An effort has been
made to keep the matter a profound secret.
The people of Bonnevillie and immediate
vicinity have a suspicion of what is going
on, and the matter has created the greatest
kind of a sensation. Nothing definite, how-
ever has been disclosed to them, and the
very uncertainty only tends to augment
their curiosity, and wild stories of hidden
wealth are in circulation in all directions.

The value of land has increased at an am-
azing rate, and some farmers will not sell
at any price. The hill in which the gold has
been found is owned by Mr. W. F. Mitchell
and his sister, Miss Sallie Mitchell.

Death of an Estimable Lady.
Death visited the home of our fellow citi-
zen, Joseph Sherman, of Freedom township,
on Monday and called for their midst his
companion and a loving and indulgent moth-
er. Mrs. Sherman was out down just in the
prime of life, being aged 38 years, 1 month
and 2 days. The funeral services will be
held at St. Augustine Catholic church this
morning at 9 o'clock. Sather Preetz officiat-
ing, after which the remains will be laid at
rest in the Catholic cemetery. Mr. Sher-
man and his family have the heartfelt sym-
pathy of the community in their hour of
sorrow and irreparable loss.

New Court Cases.
The following new court cases have been
entered upon the court docket during the
past week:
Theo Ludwig, assignee of Chas E Mann
vs E E Decker. In replevin.

Death of Mrs. Fred Lumbardy.
Friends regretted exceedingly to learn of
the death of Mrs. Fred Lumbardy of Stan-
ley, which sad event occurred last Sunday
morning. The deceased had been sick for
a long time and suffered much, but patient-
ly. She leaves a kind husband and five
children. The funeral was held on Tuesday
from the family residence, the services being
conducted by Rev. Belmont. The interment
was in the Brinkman cemetery. The
affiliated family have the sympathy of the
community.

Napoleon Creamery.
We had the pleasure of meeting for the
first time on Monday Mr. J. M. Welker, of
Bryan, who is about putting in a creamery
here. Mr. Welker is one of the few success-
ful creamery operators, and the Bryan
creamery, which has been run by him for
over a dozen years, has a reputation second
to none in the county. He informs us that
the creamery here will in all probability be
in running order by the 1st of the coming
May, and that he does not fear the ex-
cess of the undertaking if the farmers will
sell him their cream, which he expects to gather
within a radius of six miles of Napoleon.
His Mr. Kline is now locating and arrang-
ing the cream routes and is meeting with
good success. May "Napoleon creamery
butter" soon be in demand.

Things to look For.
When you or any of your family are hav-
ing any bad coughs or colds, and they are
liable to have, especially at this season of
the year, you should look and see where you
can get the best and most reliable medicines
for the most speedy relief and cure of the
same. Many who have taken much time
and trouble to investigate, have found Sarr
& Balsey's drug and book store a very con-
venient place to get whatever they desired
in this line. This house takes great pride in
keeping up the drug and medicine depart-
ment so as to compare favorably with that
of any other house, in quality as well as price.
The assortment is always very large and
complete and those who patronize this house
are always almost sure to get anything and
everything to be found in the general mar-
ket. The goods are always guaranteed to be
in first-class condition, and to be strictly
reliable and as represented.

To the Farmers of Henry County.
I have purchased the Rohrer Creamery and
will remove the same to Napoleon. I hope
to be ready to run by May 1st. Mr. A. W.
Cline will locate and arrange the cream
routes in the near future. I bespeak for
him your kind attention when he calls on
you, and if you become a patron of the
creamery I guarantee you fair and honest
treatment. I started a creamery in Bryan
in 1880 and have continued to own and
operate it from then until now with a con-
stantly increasing patronage. If you will
give the creamery a fair and impartial trial,
you will become its friend.

Valentine's Day Coming.
It is easy to discover the fact that Valen-
tine Day is not far off, for already have the
dealers begun showing these sweet little
emblems of love or friendship which we all
so much delight to send and receive on the
14th of this month. The colors are more
delicate this year than last, but the hearts,
arrows, cupid, and sentimental verses are
still there. The most for valentines will soon
be on, and the postoffice clerks dread it as
much as anyone.
